___ Zanta

Comments/Instructions _____

Camper Medications:

Name of Medication	Dosage	When To Take (Breakfast/Lunch/Dinner)

Attach additional pages if more space is needed. All medication, including nonprescription drugs and vitamins MUST be turned in to the camp health officers upon arrival to camp. ALL medications MUST be in their original container. Medications cannot be accepted in bags or pill dispensers. The campers name must be on each prescription package. We cannot make any exceptions to these important requirements due to liability and for the safety of all campers.

Lice Treatments: The Lice Center of Ohio will perform a lice check on every camper during registration on the first day of camp. If lice are found, the Lice Center of Ohio staff can provide immediately effective treatment to the camper and their belongings for a charge of \$45. Following the treatment, the Ohio Ministry Network staff will mail you literature from the Lice Center of Ohio detailing the method of treatment, information about follow up treatments, and a bill for the \$45 (payment to be remitted to Ohio Ministry Network).

I understand the lice treatment procedure and agree that my child may be treated if lice are found.

**If you choose to not select this option and your child is found to have lice, he/she will be immediately dismissed from camp. No refund will be given. A camper may return to camp later in the week after treatment and with a doctor's note clearing them to return.*

Social Media

Ohio Ministry Network will retain a volunteer photographer to capture pictures and video of the camp activities. These pictures and videos may be posted to the Ohio Ministry Network and Ohio Ministry Network social media accounts. The purpose of sharing pictures and videos of camp is to give parents and friends of OYM a glimpse of the exciting happenings at camp. Campers love to see the pictures and videos after camp! If your child's picture may not be shared on social media due to custody issues, foster child status, or other safety concerns, please alert Ohio Ministry Network in writing attached to this registration form. Campers who may not have their picture shared on social media will be given a special wristband to wear during camp to help photographers and those posting pictures to social media be sure that their identity is protected.
